**DETAILED ACTION**

1. This office action is in response to amendment filed 10/22/03.

***Allowable Subject Matter***

2. Claims 2-3, 7, 10-11 are allowed.

***Reasons for Allowance***

3. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of method claims 2-3, is the inclusion of intermittently stopping supply of electrical power by an A-C adapter for a predetermined time, when the AC adapter is supplying electrical power to electronic device having a power pack, so as to temporarily force supply of electrical power to electronic device from the battery pack for obtaining battery power consumption value.

Claims 7, 10-11 are allowed for an electronic device achieving the method comprising a controllable switch connected between the AC adapter and the electronic device for shutting off electric power supplied from the AC adapter in response to a control signal output intermittently by a controller and selecting power supply from the battery pack for obtaining battery power consumption value.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
